# Buick even keeps the Sun in its Place

Of course, this new glass—  
which reduces glare and  
incoming sun-heat—  
is a Buick feature in '52

*Wheel Crests standard on ROADMASTER, optional at extra cost on other Series.*

**W**ITH all the new things we've had to talk about in 1952 Buicks, we're just getting around to this one.

It's called "Easy-Eye Glass"†—a new kind of glass with a cool, soft, blue-green tint, which filters the sun's rays entering your car—cuts down their glare and heat.

You'll appreciate the "glare control" at any time—and when you hit your first stretch of hot-weather driving you'll find that this glass does a great job of keeping the heat out of your lap.

We know—because thousands of happy Buick owners already have this new comfort feature. The rest of the automobile industry is just beginning to discover what Buick discovered a year ago. It's a great idea, which costs you very little extra if you order it when you're buying a new car.

But this still leaves the other folks with a lot of catching up to do.

You'll look a long way before you'll find any-

thing that approaches a Buick's million dollar ride.

You'll look a long way before you'll find anything so completely satisfying as Dynaflo Drive.\*

You'll find it hard to match the style and beauty and harmonious good taste of a 1952 Buick's interior trim and fabrics.

And when it comes to what you get for what you pay—we'll gladly match price tags with the field.

Have you had a good look at the '52 Buicks? That's something you ought to do soon.

Equipment, accessories, trim and models are subject to change without notice.  
†Optional at extra cost—available on most models. (Not presently available in Massachusetts.) \*Standard on ROADMASTER, optional at extra cost on other Series.

*Sure is  
true  
for '52*

When better automobiles  
are built

**BUICK**  
will build them

## LETTERS to the Editor

(Not the responsibility of the Editor)

### A BOUQUET!

Mens Sana In Corpore Sana "A sound Mind in a Healthy Body" is exactly what the Lago's Medical Department Glee Club is after and for which they must be complimented. Unexpectedly, I dropped-in at the Lago Club on Friday, February 8, and to discover a pleasant surprise, a baby show under the patronage of Lago's Medical Director Dr. R. C. Carrell, M. D. and MC'd by Nurse Melrose Chase. The show was a complete success from start to finish and appropriate music was supplied through the courtesy of the Lago Community Band. Every member of the Glee Club from its patron down was active and very much interested in answering questions etc. Here is congratulations to the entire group of the Glee Club wishing it every success in its future endeavors, while I say let's keep on trying for "Mens Sana In Corpore Sana."

### DEATH ROW AND HOW!

For sometime now the deplorable condition of Lago Heights 900 row street had been brought to the attention of the Octo's group by the Lago Heights Advisory Committee to correct the situation. Only recently a most regrettable fatal accident occurred. Day and night

drivers and pedestrians get the scare by using this roadway. This is no empty statement and is one that can be checked anytime, day or night. How many more bangs, screeches and crashes do we have to get again before an effort is made to rectify this situation?

Is the negligence of this road one of Octo's cost control items, in which human lives as well as property is involved? Or is it that the Man and Centipede Department does not feel it justifiable to give this project their immediate attention in preference to lesser important projects. Why have the Octo's group given the Lago Heights Advisory Committee the same excuse of the non-availability of equipment for the Maintenance of this hazardous road?

It is hoped that something would be done in the very near future to correct this existing, deplorable condition. We want to work in safety; we want to walk in safety; we want to ride in safety and last, but not least, we want to live in safety. So, would the Octo's and Man and Centipede's group get together and do the necessities?

(s) B. K. Chand.

ED. NOTE: While on the subject, it may be well to mention that side walks at Lago Heights are surely needed too.

### BRIT. GUIANA:

#### FURTHER DENIAL

Mrs. Janet Jagan, U.S. born politician-wife of Hon. Dr. Cheddi Jagan of the British Guiana Legislative Council who was last refused permission to stay in Trinidad was also banned from Grenada when she arrived there from Trinidad. No reason for the ban to either island has been given.

Mrs. Jagan left Grenada for Barbados, where she planned to spend a week before returning to British Guiana.

### TRINIDAD:

#### DEPORTEE JUMPS PLANE.

A most unusual incident occurred in Trinidad a short while ago when a man who was being deported to his native Grenada slipped the plane and Immigration authorities at Piarco airport and completely disappeared. It was only after the plane was en route to Grenada that his seat was discovered empty. No trace of him has been found.

Considering the number of police, immigration officers and Customs guards on duty at all airports, it is surprising to think a passenger could slip through all hands and disappear.

#### GOVERNMENT CRISIS.

Political talk in Trinidad this week centered on "the Crisis," a difficult situation known to be existing, but exactly what known only to eleven persons in Trinidad — The Executive Council — and they are pledged to secrecy and refuse to talk.

So serious is the matter that a request has been cabled to the Secretary of States for the Colonies to intervene in the situation.

#### JAILED FOR MANSLAUGHTER

Albertina Asche, a Caroni woman who was on trial last week for the murder of an Indian man

named Benjai, was found guilty of manslaughter and sentenced to nine months imprisonment.

Asche was "captured" by Benjai and taken to his hut in a forest and compelled to live with him. While he slept she took a cutlass and hacked him to death. One hand was cut off and his head almost severed from his body.

#### MATHEMATICS GENIUS.

A mathematics genius from India, 20-year old Shakuntala Devi, was due to visit Trinidad this week to display her mathematical ability in schools and colleges. She has just finished a successful tour of Europe.

Shakuntala solves in a second problems that normally take mathematicians many minutes. One of these is finding the cube root of nine-figure numbers.

Asked for an explanation, the Indian girl says: "The answer just comes into my head."

### PUERTO RICO:

#### BUSTA DETAINED.

The Hon. W. A. Bustamante, loud-talking Prime Minister of Jamaica, was this week detained for some minutes at the airport in Puerto Rico, because an Immigration official felt his card "suggested he was a Communist."

This was perhaps because of his political confinement by the Jamaica Government during the last war. Busta had arrived in Puerto Rico to attend a meeting of the Caribbean Commission.

Bustamante exploded loudly and demanded an apology from the U.S. Government for the "insult".

**GREAT BRITAIN.**

On Friday last week, Princess Elizabeth Alexandra Mary was proclaimed Queen of Great Britain and the Commonwealth. While mourning the death of her father, the Empire was proud in acclaiming her.

By her natural charm, her exemplary conduct and her winsome manner, she had endeared herself to her 500,000,000 people. While a Princess, Elizabeth did much to weld more firmly together the British Commonwealth of Nations and to enhance the prestige of the British Crown in the eyes of the world. Her recent tour to Canada and the U.S.A. was an indication of how much admiration she has won both within the Commonwealth and outside.

The Queen was born on April 21, 1926. At her birth no one suspected that one day she would become Queen. Up to the age of ten, she was little known to the public, however with the abdication of her uncle, Edward VIII, her father became King, and as the eldest daughter of the King, with no sons

she became Heiress-Presumptive.

She took part in the Coronation Procession and then moved out from the public view again. She had just turned 13 when Britain declared war on Germany. Soon it became apparent that one day she would be Queen and accordingly she was groomed for queenship.

At Eighteen she became a Counsellor of State and other high offices developed upon her.

She was made Colonel of the Grenadier Guards.

She was allowed by her father, after much pleading on her part, to join the Auxiliary Territorial Service. Instead of taking an easy job, she elected to enter the mechanical transport section. She learned to take a truck engine apart and reassemble it and was qualified as a driver of heavy trucks.

Her marriage in 1947 to Philip Mountbatten gripped the world since it was recognized that this was a true love match.

During the tour with her parents in Africa, she dedicated herself in a speech to the cause and service of Britain and the Commonwealth. With the death of her father, she has now been called to keep that

promise. The new Queen has all the qualities needed to fill the new role and her millions of subjects everywhere look to the future with hope, confidence and assurance.

**GREAT BRITAIN.**

Yesterday, February 15, 1952, the final chapter was written for the Late King George VI when his mortal remains was laid to rest at the Windsor Castle.

Last Saturday, his embalmed body was placed in an oak coffin, hand carved by members of the estate staff, and laid before a silver altar in the Chancel of the Royal Chapel at Sandringham. The bier was covered with wreaths from his immediate family and other members of the Royal household. Among them was a wreath to which a plain card was attached, with a note "To Darling Papa from Lillibeth", in the handwriting of the new Queen Elizabeth. Another wreath bore a plain card reading "To Darling Papa from his loving Margaret". The wreath placed by the Queen's Mother bore the words "Dear Bertie from your always loving Elizabeth.

On Monday morning the coffin was taken from the Chapel, placed on a horse drawn army gun carriage and driven in procession to Wolferton station. From there the 100-mile trip to London King's Cross station was made in a special ten-coach train. There, the coffin was placed on another gun carriage, drawn by the Royal Horse Artillery, and escorted by the King's company of the Grenadier Guards, the procession moved on to Westminster Hall. Thousands of Britons gathered along the three mile route to Westminster Hall. At Westminster Hall, a brief service was held, and then the laying in state commenced.

Before the end of the second day of laying in state, more than 120,000 Britons filed past their late King.

The state funeral left Westminster Hall at 9.30 p.m. yesterday and the procession moved through the streets of London. Heading the procession were the Dukes, followed by the naval gun carriage with the bier, the Royal Standard, members of the Royal Family, other Monarchs including King Haakon of Norway, King Gustav Adolf of Sweden, King Paul of Greece, King Frederick of Denmark and Queen Juliana of the Netherlands. Then other officials of the various nations, members of the various armed forces and others.

The Royal Court will wear mourning for the Late King until Saturday 31, 1952.

## Mary Hellmund captures title "Miss Netherlands Antilles 1952"

The crowd of nearly 1000 persons which had found its way to the Club Chobolobo in Curacao last Saturday night was beginning to get restless. Speculation was rife as to which of the charming contestants would be named the most beautiful of the Netherlands Antilles.

From among the gathering the jury of seven stepped forward under the colored lights to take in their place behind the table from where the verdict will come. The men and women called upon to take this difficult decision were four tourists (foreigners to Curacao), one representative from Curacao, one from Aruba and one from Bonaire.

The foreigners were famous pianist Lili Kraus, Mrs. Caroline de Anestoy, tourist from Venezuela, Messr. T. J. Nolan, representative of the Endicott Johnson Shoe factories and Richard Pittman, American writer. Curacao was represented by Mr. J. W. S. Beaujon, Aruba by Mr. B. Bartels and Bonaire by Mrs. Meyer.

Then came the big moment, as the eleven top rated beauties of the Netherlands Antilles marched past the admiring eyes of their large audience displaying the most charming smiles.

Every body was having a good time except, maybe, the jury which, with every new smile and charm display saw its task getting more difficult. And so came the "hour of suspense" as the jury settled down to count, subtract, discuss, weigh and eliminate and it was a good thing that Caito Boom, the "American tourist" of the stage show Bula Waya was on hand to break the tension, which was gradually overtaking everybody, with some cracks.

But finally the process of elimination was completed and the big announcement could be made. The jury had ruled that Miss Mary Hellmund (cover) was the most beautiful contestant, and as such was se-

lected to represent the Netherlands Antilles in Havana Cuba. Miss Solange Rosiers was named runner up.

**QUEEN MARY:** Age 20, dark brown hair, 5 ft 7 inch, brown eyes, very graceful, loves parties, dances very well, likes watersport, speaks softly. Has always been a No 1 student at school. Drinks only soft drinks.

Her parents were born in Bonaire. Has a habit to wet her red lips, so that they always are shinning.

**RUNNER UP MISS ROSIERS:** No 2 queen, age 17, 5 ft. 7 inch, blue eyes, very blond hair, loves parties, basket ball, ping pong, dances gracefully, speaks faster than Mary, but still persauding. Has studied in Colombia. Drinks only Soft Drinks does not smoke. Born in Curacao.

Gracefully queen Hellmund, already wrapped in her Royal cloak, stepped onto the improvised stage to permit Mr. Beaujon to perform the crowning ceremony.

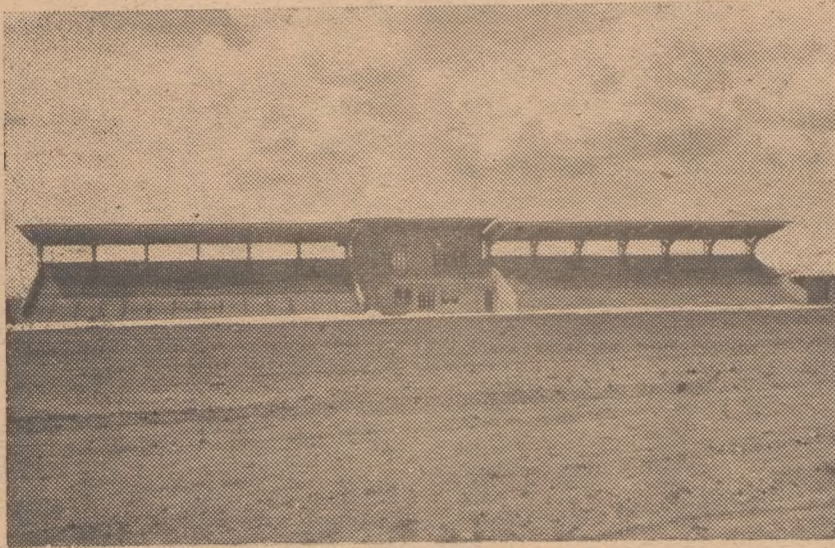

Mr. Richard Henriquez, Cuban Consul, then addressed the newly crowned queen, ending off by giving her a smacker on the cheek much to the amusement of the younger folks around.

Following a short speech by Miss Netherlands Antilles in which she promised to try her best to capture the Cuban crown, she is presented with a score of beautiful presents donated by various firms in Curacao. The other contestants, which all proved to be good losers also received gifts and the event ended with a dance which lasted until the wee hours.

Representing Aruba were the Misses Olivia Paesh, Irene Boom, Petra Winterdaal, Yvonne Kemink, Antonia Werleman and Delia Coronel. Curacao was represented by the Misses Mary Hellmund (queen), Solange Rosiers (runner up), Irene Booi, Aida Salas and Lillian Schotborgh.

## COSA DISCUSSES PLANS FOR OPENING NEW WILHELMINA SPORTS STADIUM.

Nearing completion is Aruba's New Wilhelmina Stadium. On Monday night, February 11, the COSA (Committee Opening Stadium Aruba) met at the Flamingo Room to discuss the progress made in connection with the opening ceremony plans.

Surinam, Haiti and British Guiana, it was announced, have accepted the invitation to participate in the International football series so that, including Aruba, 4 teams will take part.

Many forms have already been returned by clubs and organizations which have agreed to take part in the parade. Other clubs which are interested are requested to fill in and return their forms as soon as possible.

Business places wishing to have advertisements posted in the stadium are requested to contact Mr. J. A. van der Schoot phone 1176 or Mr. A. Cloo, phone 1282 so that arrangements can be made, since time is running short.

A cup, made in Argentina by the football boot company SAS and costing \$480., has been donated by Mr. Cabenda. This will be a challenge cup and will remain in Aruba. Every year, on "Stadium day" the cup will be at stake in a series of matches.

In its organ, the National Baseball Congress will give publicity to the baseball series in which Curacao, Aruba, Venezuela and Santo Domingo will participate, according to Baseball Commissioner Edney Huckleman.

All schools of Aruba will be invited to take part in a contest for designing a shield. Prizes will be awarded for the best entries, while those attending the opening ceremonies will receive a remembrance pin.

A program-book listing all the activities will be issued and pre-sale of tickets for the ball series will start on April 1, ending on April 15.

The official opening ceremony is slated for Saturday April 12. The baseball series will start on May 31 and the football series on April 26.

The COSA looks forward to the cooperation of all Aruba to make this event an unforgettable sports event in the annals of our islands, and THE LOCAL gladly underscores their request to the public for cooperation.

## CONY ISLAND OPENS TONIGHT.

Tonight the "Luna Park" Coney Island at Dakota starts its 1952 season with an exceptionally interesting program. Activities will continue throughout the Carnival season, from February 16 through

26. The entertainment program an entirely new one, is packed with excitement and thrills.

Special attraction will be the Yacopis, nine world famous acrobats and trapeze artists who earned their fame in no lesser a circus than the great Ringling Brothers'. Their stunts incidentally, are presented 100 feet above ground level.

The famous impersonator Rebachea will also be one of the many spectacles presented during the season and on every night there will be a fine display of fireworks.

The admission price is very low — another good attraction — so that everybody who can possibly scrape together 50 cents may have a wonderful time, without extra cost, and see the greatest entertainment spectacle ever to be presented in Aruba.

### NEW BUSINESS IN SAN NICOLAS.

Opening in San Nicolas this week was the new beauty parlor of Mrs. Maggie Laclé.

The beauty parlor is located at Lagoville N° 115, and is opened daily from 9 a.m. to 5 p.m. To the ladies living in this and surrounding districts, the Beauty Parlor will undoubtedly be a welcome addition to the fashion world. Mrs. Laclé is an old hand in the business having worked for a number of years in the Aruba Beauty Parlor, Oranjestad. The new beauty shoppe is fully equipped to meet all demands and wishes of the beauties of Aruba. The Local wishes Mrs. Laclé much success in her own business.

\* \* \*

Squeezed out for lack of space last week, was our welcome to "Henny's Bar", which opened in San Nicolas a week ago. Proprietor of this neat and roomy bar is well known Henry Held of the Lago's Plant Dispensary. Attached to the bar is a restaurant section, where Henry

makes sure that no worker is forced to go to work for Lago without having a delicious cup of coffee and sandwiches after a night's well earned rest. The bar is very conveniently located on the main road, opposite the Firm of Marchena Moron, and Henry wants all his friends to know that they are heartily welcome. Our best wishes also go to Henry in this new venture.

### CUARTETO ALEGRE

One of Curacao's hottest quartet (Quarteto Alegre) visited Aruba over the weekend of February 9. The boys performed on Saturday night at the Golden Rock Club and the following Sunday at the Excelsior Community Brass Band Hall. The four gentlemen comprising the Quartet are: Nilo Daal, guitar; Reuben Daal, guiro; Reuben La Cruz, the Tambora, and Francisco Frye, accordion.

La Cruz is the brother of well-known Jose La Cruz of the Lago Commissary.

The boys were here under the management of Mr. Monte Boekhoudt. The dancing public of Aruba hopes to see more of "Quarteto Alegre" in the future.

### WEDDING BELLS

Last Thursday Sr. Mario E. Santana, a native from Sto. Domingo and Printer of the General Printing Co., was married to Srta Cristina Kelkboom from Aruba.

"Felicitamos muy cordialmente a los contrayentes, deseandole eterna felicidad en el nuevo hogar."

The new beauty shoppe is fully equipped to meet all demands and wishes of the beauties of Aruba. The Local wishes Mrs. Laclé much success in her own business.

\* \* \*

Squeezed out for lack of space last week, was our welcome to "Henry's Bar", which opened in San Nicolas a week ago. Proprietor of this neat and roomy bar is well known Henry Held of the Lago's Plant Dispensary. Attached to the bar is a restaurant section, where Henry

makes sure that no worker is forced to go to work for Lago without having a delicious cup of coffee and sandwiches after a night's well earned rest. The bar is very conveniently located on the main road, opposite the Firm of Marchena Moron, and Henry wants all his friends to know that they are heartily welcome. Our best wishes also go to Henry in this new venture.

### CUARTETO ALEGRE

One of Curacao's hottest quartet (Quarteto Alegre) visited Aruba over the weekend of February 9. The boys performed on Saturday night at the Golden Rock Club and the following Sunday at the Excelsior Community Brass Band Hall. The four gentlemen comprising the Quartet are: Nilo Daal, guitar; Reuben Daal, guiro; Reuben La Cruz, the Tambora, and Francisco Frye, accordion.

La Cruz is the brother of well-known Jose La Cruz of the Lago Commissary.

The boys were here under the management of Mr. Monte Boekhoudt. The dancing public of Aruba hopes to see more of "Quarteto Alegre" in the future.

### WEDDING BELLS

Last Thursday St. Mario E. Santana, a native from Sto. Domingo and Printer of the General Printing Co., was married to Srta Cristina Kelkboom from Aruba.

"Felicitamos muy cordialmente a los contrayentes, deseandole eterna felicidad en el nuevo hogar."

### NEWCOMER.

It was at the door of the editor himself that the stork knocked at 2.25 last Sunday morning to deliver an 8 pound, 4 ounce baby girl.

Hera Yvonne is what our editor and his wife called their fourth child, first daughter, and here's the staff's welcome to the youngest "editor" and congrats to the boss and his wife.

### HAPPY BIRTHDAY IT WAS

This week, a rather belated birthday greeting is extended to Mr. J. Burne, who recently celebrated his

80th birthday (see cut). For this occasion Mr. Burne, a native from Surinam, had flown to Aruba to be with his family on this memorable day. The family comprises 6 children and 12 grandchildren.

Behind Mr. Burne lie 60 years service with the Surinam Government, the rewards of which are two retirement pensions. His last working day was December 31, 1951.

His conscientiousness has earned him the distinction of being named "Knight in the Order of Oranje Nassau" with the award of a gold medal.

The trip to Aruba was Mr. Burne's first trip abroad in 80 years, and his birthday was appropriately celebrated with a dance at the residence of his son, a Lago employee, who lives in the Bernhardtstraat, San Nicolas.

In making a speech, one of the many guests who came in to wish Mr. Burne a happy Birthday, remarked that the secret of reaching this ripe age is: "Moving with and around the young folks".

At 80, "Pa Burne" is still in good health and spirits. Asked if he plans to "take it easy now", he replied: "I can't sit idle". It is his intention, therefore, to start an Information Bureau upon his return home. THE LOCAL joins Mr. Burne's many friends in wishing him many more years of health and success in business.

### GUESS WHAT.

Our editor had another birthday yesterday, February 15. We approached him to find out what would happen, but he just shrugged and said: "With Hera coming home

from the hospital just around this  
time, what *could* happen?"

Next week you'll know, however,  
if something happened just the same.

Another happy birthday this week  
was Mrs. Ine Dookhun's. Ine is the  
wife of Johnny Dookhun of saxo-  
phone fame. Those who attended  
the get-together on Wednesday night  
weren't sober enough to tell us if  
stuffed chickens also attended the  
party. And just in case we for-  
got to extend our best wishes to Ine  
under these circumstances, we take  
this opportunity to do so.

**In a Nutshell**

Pleasant news to motorists this  
week was that the proposal to up  
automobile taxes to Fls. 80.— per  
year has been cancelled and the  
price of Fls. 40.— will be main-  
tained.

\* \* \*

Arriving in Aruba on Monday  
for a "routine visit" was H. E. Go-  
vernor of the Netherlands Antilles.  
His Excellency was accompanied by  
Mrs. Struyken, and Adjutant R. van  
de Beek. The group returned to  
Curacao on Wednesday. During  
his stay here, H. E. visited the  
schools in San Nicolas.

\* \* \*

Next April, Mr. A. Troost of the  
C.P.I.M. will leave the Company's  
services, having attained his re-  
tirement age. He will be succeed-  
ed by Mr. H. v.d. Heiden who ar-  
rived in Curacao last Saturday.

Scheduled to start last night, Fri-  
day, was the basketball competition,  
with the following matches slated.

LAGO COLONY: 7:30 P.M., St.  
Thomas Boys v.s. High School;

LAGO SPORT PARK CRICKET  
COMPETITION OFF TO A GOOD  
START ON A HIGHLY IMPROV-  
ED WICKET.

FRANK BRYAN SCORES A  
CHANCELESS CENTURY IN A  
BRILLIANT DISPLAY.

By Fred D. Parris.

A struggle for runs was a feature of last Sunday's opening game at the Lago Sport Park after Lago's Public Relations Director, Mr. B. Teagle, bowled the first ball to C. Canwood, marking the opening of the 1952 cricket competition.

St. Eustatius occupied the wicket first, opening with Canwood and C. Joachin to the bowling of Martindale and Thomson. With the score at 10 Canwood was run out for a valuable 11.

Johnson joined and carried the score to 32 when Joachin was caught by Sealy off the bowling of Green. Bennett partnered Johnson and carried the score to 74 with Johnson caught by Sealy off the bowling of Alkins for 32 and Bennett was bowled by Green for 24. In a short while the remaining 6 batsmen were a steady procession until the last wicket fell with the score at 95. Hemstrat contributing 12.

Green and Alkins were responsible for the fall of 7 wickets and Sealy's brilliant fielding assisted in removing the others. Green taking 4 for 24, Alkins 3 for 20 runs.

With only 95 runs to knock off, the Barbados batsmen found run getting no difficult matter.

St. Eustatius opened with their usual speedsters, but the attack was not up to its usual standard and Bryan and Reid knocked the ball about until Teddy Johnson was brought on with the score at 45 and got Reid l.b.w. for 12. Claude Heynes took charge of the other end and returned Ifill caught by Bennet for no score. 48 for 2. Alkins partnered Bryan and the score quickly went to 80 when Alkins was run out for 17. Cleo Linton joined Bryan and carried the score to 216, Bryan 102 and Linton 63 not out.

## CLASS BATSMANSHIP.

Frank Bryan, who was the idol of the day gave an outstanding display. His strokes all around the wicket were the very epitome of class batsmanship, and he was fittingly greeted on his return to the pavilion scoring the first century for the season, undefeated, and consisting of 14 fours. Linto's inning was good, patient and commendable — his usual style.

Philadelphia, U.S.A.

May be bought with confidence and served with pride.

Barbados team set a really tight defensive field, obviously carefully thoughtout, and a steady bowling length by their two medium pace bowlers, Green and Alkins were the principal weapons used.

In St. Eustatius' second inning, Bryan and Reid assisted after Thompson and Martindale had taking one wicket each, Bryan taking the third, following the plan quite carefully.

#### NOT A TWO TO ONE.

In order to give Bryan the honor of scoring the season's first century, the Barbados innings was prolonged. Skipper Sealey deserves much credit for this action, of which Bryan was highly deserving.

#### A NEW WICKET.

The new wicket at the Lago Sport Park was the topic of many conversations. From what we have gathered, the experts seem to think that this wicket is the best ever produced by the Sport Park. From what I have seen, I am in agreement with the opinion and believe those who prepared it, did a fine job; however, the lower end should be tapered off a bit.

#### ONE TEAM OUT OF THE COMPETITION

The Progressive team has dropped out the B-class division, consequently there will be no game on Sunday at Lago Heights

#### THE FOLLOWING ARE THE INDIVIDUAL SCORES:

*St. Eustatius 1st inning.*  
Canwood run out 11

Joachin c. Sealey, b. Green	8
Johnson c. Sealey, b. Alkins	32

## LOCAL NEWS

### M-G. AUTO RACE IN ARUBA.

Interesting event over the past week-end was the M-G motorcar race last Sunday morning, in which 15 MG's and 1 Renault took part.

The obstacle race included sudden stops, parking in difficult spots set off by tin cans which robbed the driver of points for toppling them over and other routine tests which had to be taken at the fairly fast pace.

The jury comprised Messrs. Engineer van den Berg, Dr. H. van der Beek and A van Gladbeek. Mr. Kemmink was in charge of putting up the obstacles and he certainly did a fine job.

The race started at approximately nine A.M., and ended at 11:30, following which contestants, jury and helpers drove to the Dakota restaurant where the prizes, awarded by various firms, were presented to the winners.

The two "Ladies" prizes awarded by the firm of Spritzer & Fuhrmann went to the two only female participants, Miss Stewart and Mrs. Been.

Mr. Smart, with 184 penalty points against him was the recipient of the first prize, a cup donated

ed by Spritzer & Fuhrmann and a ticket for 50 gallons of gasoline donated by Mr. Vi. Henriquez. The second prize, a motor car tyre, donated by Kusters Trading went to Dr. R. Turfboer (198.8 penalty points), while Mr. van Wijk 209.8 p. points) received a set of rear lights donated by Messrs. S. E. L. Maduro & Sons. The 4th. prize, a book entitled "Touring Europe" donated by the AWINB went to the driver of the Renault, Mr. Ennink (213 p. points).

### ACCIDENTS OVER THE WEEK-END

Some good examples of "how not to drive" were again set over the week-end when car N° 1592 summersaulted on the road to Noord in the vicinity of Tanki-Leendert and came to a stop in the ditch. Fortunately no personal injuries were sustained.

Another similar demonstration was given when driver G., who had received his driver's license on Saturday, came buzzing at flash speed

At the intersection of the road Paradera — Santa Cruz, where the Police car was on the outlook for him, the driver made his car do the top-down, wheel-up stunt just 10 meters away from the cops. Death was on a holiday.... No injuries!

### COLOR STYLING HIGHLIGHTS 1952 PACKARD

Highlights of the recently-announced 1952 Packard line are "fashion-keying by Dorothy Draper," famous color stylist and decorator; and Packard Easamatic Power Brakes. New features of the 1952 Packard "200" Deluxe touring sedan, above, include design touches on side moldings, new louvers and special grille and bumper design.

Matching the colorful new exterior hues, with emphasis on two-tone combinations, are brilliant interiors. Easamatic power brakes, optional on all models at slight extra cost, reduce pedal pressure 40 percent and cut "reaction lag" an average of 29 percent.

More than 70 mechanical changes and improvements have been incorporated into the eight body styles of the 1952 Packard line.

Baby King and Queen pose for our photographer with their staff of 4 other healthy babies.

### "HEALTH WEEK" ENDS WITH EXHIBITION AND BABY CONTEST.

A large crowd of interested persons was at the Lago Club auditorium last Friday afternoon to witness the Health Exhibition and Baby Contest staged by the Lago Nurses Glee Club. This was the final of their Health Week Program which had opened the previous Monday.

About sixty babies were presented for the contest which was divided into two age groups: (1) under six months, & (2) 7 months to 1 year. Winner of the junior division and crowned "Queen" of babies was Patricia Warner, while winner of the

upper division and "King" of the show was Jeffrey Francis. Other prize winners were: Nannette dos Ramos, Carmen Kruythoff, Raymond Yenkana & Hannah Montnor. Prizes for the contest were donated by Messrs. Spritzer & Fuhrmann, Pearl-of-the-Orient, Winkel Handel and E. & G. Martijn. All entrants in the competition received packages of baby foods donated by the last two mentioned firms.

In addition to the contest there was a number of health exhibitions put on by the members of the Glee Club. One booth, conducted by Nurse Arrindell and Nurse Ogilvie, gave demonstrations in child care, showing how to bathe, change and feed the baby; another booth run by Nurse Ridley and Nurse Campous showed how to care a sick patient.

Popular Henny Held of the Dispensary, assisted by his colleague Rene Watchman, gave a demonstration in First Aid, while Nurse Pounds, American anesthetist at the Lago Hospital, explained the reading of X-rays. For many persons present it was the first time they had seen X-ray pictures. Adjoining her was the "Lab", and here Lab technician George Taylor, with his microscope and slides, showed interested persons how bacteria are discovered and observed.

Altogether it was a very interesting, informative and practical health exhibition.

The commercial community too gave splendid support to the venture and had tastily arranged booths displaying baby products. Winkel Handel Mij. had a stall displaying Lactogen, while E. & G. Martijn displayed "Nutricia" products from Holland. W. F. Craane & Co handled the well-known "Johnson & Johnson" baby products. Literature and samples of all these products were distributed to many persons present.

The Nurses Glee Club, and especially their President, Mr. Memo. Chase, are to be congratulated a highly commended on their achievement in putting over this very valuable community project. It must have entailed a great deal of effort and planning, and the group richly deserves all the praise that has been showered upon it.

It is to be hoped that such a program as "Health Week" will become an annual feature of life in this island, and that the Glee Club will go from strength to strength in their work for the community.

### CROWD ATTENDS MASS FOR LATE KING.

A large number of British subjects residing in Aruba attended the Requiem Mass at the Anglican Church last Sunday morning in memory of the late King George VI.

Garbed in his mourning vestments of black and silver, the minister, Father Allen conducted a solemn service which deeply touched all those present.

In his address he used the suddenness of the King's demise to remind his flock of their double nature — body and soul — and of the importance of using their lives here on earth as a preparation for the life to come.

During the service the requiem hymn "Day of Wrath" was sung, as well as other hymns for the dead.

### SPORTS:

#### BOXING:

#### BULL GILKES WINS AGAIN.

A large crowd was present at the Rif sadium last Saturday night to see the card presented by promotor Fanfa Croes. The main attraction was a 10 round contest between Bull Gilkes and Trinidad's Easy Boy Francis. The tussle was interesting throughout, with Easy Boy carrying the fight to the Bull, in spite of the rough treatment Bull handed out to him in the clinches.

At the end, a split decision went to the Bull, with 2 of the officials scoring it in his favor and one calling it even. During the second round of this fight, 2 minutes' silence was observed in respect to the late King of England, George VI.

The semi-final, a 10 rounder between Little Joe Louis and Lightning Joe was declared "No contest". At the end of the 5th round, neither Lightning Joe nor the referee heard the gong and Joe felled his opponent with a series of left and rights

to the jaw. The boxers have agreed to a return engagement.

In the preliminaries Santilano tko'd Young Shaddrac in the 3rd. Alberto Badaraco, undefeated thus far, also scored a tko over Manuel Teixeira in the 1st. Young Dina-mita and Stokkerman drew in four.

#### MARCIANO STOPS LEE SAVOLD IN 7.

Young, sensational Rocky Marciano came a step closer to his ambition of capturing the world's heavyweight title when he banged his way through 6 one-sided rounds last Wednesday night, to stop Lee Savold.

Lee Savold who is 35 years old and scaled 200 pounds for this fight, displayed little more than a fighting heart and the ability to absorb punishment.

Marciano scaled 186½.

In the opening round it appeared as if Lee would make things difficult for Rocky when he kept him at a distance with long left jabs. Toward the end of this round, however, Rocky started to push forward to come in close with Savold and from then on the show was all his.

In the second heat Savold's nose started to bleed and it kept on doing so throughout the six rounds which the scheduled 10 rounder lasted. When the end came Lee also had cuts over both eyes.

During the rest period following the 6th heat, his seconds informed the referee that Lee was unable to continue, making Rocky Marciano the winner by tko in the 7th round, as the Pennsylvania Committee rules that a round ends with the bell. Under N.Y. rules it would have been a knock out in the 6th.

With this victory, Marciano's record lists 39 fights, all of which were won, 34 by kayo.

#### MAJOR LEAGUERS IN THE NEWS.

The Dodger's major problem last year was their pitching staff, and it looks ev enmore desperate this year with Don Newcombe going in to the army.

Apparently the line-up of outfielders will be Pafko, Duke Snyder, and Carl Furillo.

Infielders are Gil Hodges, Jackie Robinson, Pee Wee Reese and Billy Cox, with Roy Campanella catching.

Jackie Robinson, now 33, said that last year was his best, and he knows that he won't be able at 37 to do the things Jo DiMaggio did for the Yankees last season.

Ace pitcher and 23 game winner Jansen has renewed his contact with the Giants, and it is rumored that this will bring him a salary of \$35,000. Sal Maglie, also a 23 game winner last year, is the only unsigned among the regular Giants.

Richie Ashburn, Philadelphia Phillies' outfielder, has signed his 1952 contract and will draw around \$20,000 in salary.

Ramon Arenal from Panama has been signed by the Pittsburgh Pirates and is scheduled to be in camp around March 19.

**ARUBAN CHESS NEWS.**

On Friday, February 8 the competition was continued with the following results:

Group I	Hiemstra	—	
de Vries	: 0	—	1
Group II	Lau	—

## World News

LONDON.

On Wednesday, the Prime Minister and twenty members of the Government met with Queen Elizabeth for their first conference at Buckingham Palace. They presented an address to which the Queen replied. The Duke of Windsor arrived in London on Wednesday to attend the funeral of his late brother. He is staying with his mother, Queen Mary, at Marlborough House.

He accompanied his mother to the Westminster Hall on Wednesday to pay their last respect to the late King. Queen Mary will be 85 years this year and it was announc-

ed from Marlborough House that in view of the physical strain imposed on any one attending the funeral, she will not be attending the funeral.

## NOTICE.

The dance in aid of Capt. Hodge and his crew in the St. CECILIA HALL is taking place TONIGHT instead of tomorrow.

## THE TUNNEL MYSTERY

Larry shows Rob his cabin. "The Boss agrees and I hope you'll be satisfied with your cabin". Well, there is no reason for complaints. The cabin is spacious and airy; it's clear that no money was saved on the construction of the ship. But meanwhile he does not understand, what purpose this vessel is meant for. What for instance is the meaning of this con-

stant vibration. It sounds like a heavy motor.

He'll sure find out, when gets time to search the ship. Next morning Larry informs him, that the "Astra" will weigh anchor at midnight. Towards evening Rob goes to his cabin, locks the door and produces a box, containing an electric razor. At least that's what the label on the

box says, but in fact the box contains a powerful combined radio-transmitter and receiver. He takes up contact with Ross and Rogers and informs them, that the "Astra" will sail that evening "What's the destination" asks Major Ross. "I don't know. Larry doesn't tell". Then he carefully puts away the instrument.

When the "Astra" leaves the harbour, Major Ross and inspector Rogers watch it under cover of a big crane. "I wish you a happy voyage Rob" Ross numbles 'and look after yourself'. "If only nothing will happen to him" Rogers says, "he has brought a hornet's nest about his ears" "Don't worry" Ross utters. "He has

been up against a stiffer proposition".

Then they walk back to town. Yes, Rob went through many adventures in his life, but he has no idea of what he is up against now. He follows the course, which Larry has shaped, but wonders why the "Astra" remains so close at the coast. The water is deep

enough, but yet.... But his surprise increases when after a few hours Larry suddenly gives an order, which sounds like pure madness "Ready to dive" the commander of the "Astra" cries out. What is the meaning of this? The "Astra" is not a submarine, is it?

## GYRO-MATIC ON '52 DODGE

Gyro-Matic transmission frees the driver from shifting. It is available on all '52 model Dodge cars.

The Coronet four-door sedan, shown above, is one of eight attractive models in the 1952 Dodge line. Features include new, lighter and brighter interiors, and refinements in exterior styling. Dodge Tint Safety Glass windows and windshields are an optional feature.
